UNIVERSITY OF HOUSTON

Are students overrepresented among DWIF rates?

The 'DWIF Over/under representation' column indicates whether the DWIF rate for each row is representative of the total enrollment. In the chart below, a pointing up triangle (▲) indicates that a given student group's representation among DWIF grades is higher than their representation in enrollment while downward pointing triangle (▼) means that a given student group's representation among DWIF grades is lower than in enrollment.

Characteristic 1: Classification
